They really cared about what we were looking for and all the options were on the table. All the maşin.ia that we looked at were in perfect condition despite being marked, but even so, we were told exactly what happened, what was replaced, so that we could make the right decision for us. I left with a big car, and a great experience. Thank you Autosource, and special thanks to Marcos! This machine satisfies all my needs and more. It becomes high gas mileage and drives extremely smoothly. I've only had the car for 3 days, but I already like it. Sandy, Private Detective 5 5 5 5 4.5 (38 comments) Hi, I'm Sandy from Salt Lake I bought my Rav4 Toyota from James to Sunburst Auto, I was treated as a family from the first step in the door, these guys are the best at customer service so useful and friendly. I would absolutely recommend my friends and family shop for cars at sunburst, the best car buying experience I've ever had. I'll be back in the future, love these guys! This car is big on gas and has great technological features, such as Apple Carplay, Sirius, and onstar. The back seat and trunk have a lot of space, but the car is small enough to park all over the city. Vehicle available for home shipment. Contact your dealership for details. Vroom has a very simplified process 5 5 5 5 3.6 (3190 comments) This is my second vehicle purchased from Vroom in the last 12 months, and I can never imagine buying a used car from a brick-and-mortar dealership again. Vroom offers a terrific selection of the latest model of used vehicles. The images really make it easier to know the car shows. I bought a 2015 5 Series BMW, and the Vroom price compared to a similar make/model/mileage vehicle from CarMax was \$3,000+ cheaper. I selected my vehicle over a few weeks to look at the photos. I filled out an online credit application, and immediately they called me to complete the app, discuss rates and payments, and get my \$500 deposit. I received a loan package through FedEx 2 days later, signed all the papers, and sent it back in the pre-paid FedEx Envelope they provided. About 3 days later, I started getting emails to schedule delivery. The process lasted only 9 working days from the time I made the deposit until the moment I took my vehicle. The vehicle was clean, as described, and running high. Now I just need to get a state inspection and add this to my insurance policy, and the labels will be mailed to me in a few weeks. Fortunately, Vroom gives me a temp label of 60 days, so there is time to receive plates. This is the future of car purchase, and the 7-day money back guarantee makes it the perfect way to purchase a used vehicle. I think the car itself was great. Very smooth ride, great handling, style was very attractive, and it was exactly what I was looking for. Friendly and eager to meet 5 5 5 5 3.9 (399 comments) New had two extremely satisfying experiences with South Ogden Subaru. In both cases, Nathan Walker was our main contact (seller and guide through the buying process). We bought our first Forester in March 2016 and knew we had found the right dealer and seller. Unfortunately, we were involved in a serious accident (not fault) that totaled the car in August (2017). We made an appointment with Nathan and he guided us, again, by selecting and purchasing a new Forester 2017. I only got it two days later! Nathan treated us like a family; very sympathetic about our misfortune and personally supervised every detail of the second transaction. South Ogden Subaru has a remarkable staff - sales, services and parts. And, Nathan is go-to-type for us! Excellent price value For a compact vehicle, Good ride & very comfortable, Outstanding Fuel Mileage, 1.4 Turbo Engine has good performance, Interior is quality, you differently get value for price.
